

G-STEP ANTISLIP TAPE

Item #: 868006

EAN: 36603381218958

Description

Antislip adhesive tape with abrasive grains (aluminum oxide). Highly resistant to abrasion, enhanced adhesion on smooth surfaces and easy to position. Yellow/black color to signal hazardous areas such as steps or ground level change. Highly visible even in low brightness. Delivered with a moisture preventing protection strip. Auto-adhesive (positioning by pressure on the tape).

Applications

Adapted for indoor or outdoor environments. Universal use on ground surfaces, stairs, ladders, ramps, sidewalks, machines, vehicles, boats...

Characteristics

- Material	Abrasive grains aluminum oxide/polymer substrate Acrylic emulsion
- Dimensions	50mm x 18,3m
- Environment	Indoor or outdoor
- Surface finish	Rough
- Color	Black/yellow
- Operating temperature	-10 to +60°C
- Adhesion strength	2,5kg/1"
- Release force	13kg/m ²

Certifications

- EN 13552 Category R13

Packaging

- Unit	
- Carton	24 units
- Pallet	144 units (6 cartons)
