

Lu-5 DRY LUBRICANT WITH PTFE

Item #: 862390

EAN : 3660338170898

Description

Non-oily lubricant aerosol.

Leaves a dry lubricant and protective polytetrafluoroethylene (PTFE) film.

Very good non-sticking and mold release agent (resin, polyester, epoxy, elastomers...).

Eases the cleaning of spray booth walls.

Highly resistant to non-chlorinated nor fluorated acids or solvents.

Applications

Dry lubrication for plastic and metallic surfaces: belts, conveyor belts, miscellaneous machine equipment, joints, bearing bushing, ropes, metallic cables, bolts, swivels, screwed connections, door gudgeons, window or drawer slides, slide locks, paper, glass

Characteristics

- | | |
|------------------|-------------------------|
| - Gross volume | 650mL |
| - Net volume | 500mL |
| - Propellant gas | Butane |
| - Components | Please refer to the SDS |
