Product overview					

G-COLUMN SLIM COLUMN PROTECTION

Protection for square or H columns with 10 to 15 cm sides in flexible yellow plastic (low density polyethylene) for better visibility. Also suitable for round columns with diameters from 10 to 15 cm.

Hexagonal profile limiting the floor space required, particularly suitable for limited spaces such as mezzanines.

In two parts, which can be attached with hook-and-loop strips. Absorbs shock by releasing pressurised air during impact.

Column	Outer dimension	Ref.	Price each*
10 x 10 cm	1 m x 390 mm x 435 mm	884519	390,00 €
15 x 15 cm	1 m x 390 mm x 435 mm	884520	390,00 €

*Price including delivery in mainland FR, UK, IT, IR, BE, NL, SP and DE

+ Installs in seconds, with no mounting required
Reduced radial volume.

G-COLUMN ROUND COLUMN PROTECTION

Protection for square or H columns with 15 to 30 cm sides in flexible yellow plastic (low density polyethylene) for better visibility. Also suitable for round columns with diameters from 15 to 30 cm.

In two parts, which can be attached with hook-and-loop strips. Absorbs shock by releasing pressurised air during impact.

Column	Outer dimension	Ref.	Price each*
15 x 15 cm or 20 x 20 cm	1.1 m x 600 mm	884522	480,00 €
25 x 25 cm or 30 x 30 cm	1.1 m x 600 mm	884523	480,00 €

*Price including delivery in mainland FR, UK, IT, IR, BE, NL, SP and DE

+ Installs in seconds, with no mounting required
Optimal 360° protection

G-COLUMN FLEX COLUMN PROTECTION

Protection for columns in flexible yellow plastic (low density polyethylene) for better visibility. Four saw-cut and nestable sides (screw fixing) suitable for rectangular or square columns, from 200 mm to 700 mm side.

Column	Height	Ref.	Price each*
From 200 mm to 700 mm	1 m	884525	390,00 €

*Price including delivery in mainland FR, UK, IT, IR, BE, NL, SP and DE

+ Fits most square or rectangular columns

GISS NEW

- + Takes up little space when folded
Several barriers can be combined together to delimit a larger area

4	4 m	800 mm	30 mm	10 kg	884517	250,00 €

*Price including delivery in mainland FR, UK, IT, IR, BE, NL, SP and DE

GISS NEW

- + PU mat for exceptional comfort

G-MAT ULTIMATE ANTI-FATIGUE MAT

High comfort anti-fatigue mat in PU. Long service life with diamond-shaped surface. High visibility yellow bevel edges to avoid the risk of falling. Environment: indoor dry or wet.

Thickness: 18 mm.

1-YEAR WARRANTY

Dimensions	Material	Ref.	Price each
0.9 x 1.2 m	Polyurethane	884824	165,00 €

What makes
the difference

THE G-MAT ULTIMATE ANTI-FATIGUE

The G-MAT ULTIMATE anti-fatigue mat is the most comfortable of the G-MAT range, while being very robust.

Made of polyurethane (18 mm high), it offers excellent durability and great comfort.

It helps fight musculoskeletal disorders caused by a static position on a hard surface. The mat and its "diamond" patterns encourage a regular movement of the foot which drives blood circulation in a standing position, while resolving slip issues.

Its yellow bevelled edges allow high visibility and reduce fall hazards.

It can be installed individually and free-standing for workstations in production, packaging, counters, machines, etc.

G-MAT GUIDE HIGH VISIBILITY NON-SLIP PATH

NEW

GISS

High visibility yellow non-slip mat with diamond-shaped surface. Allows excellent visibility of the passageways and reduces the risk of accidents. Soft material, suitable for irregular surfaces. Installs free standing or sticks to the floor.

Environment: indoor or outdoor, dry or wet.

Thickness: 2 mm.

1-YEAR WARRANTY

Dimensions	Material	Ref.	Price each
1 x 10 m	PVC	884826	220,00 €

+ Signal pedestrian areas to avoid accidents and fall hazards

What makes
the difference

G-MAT GUIDE HIGH VISIBILITY NON-SLIP PATH

The G-MAT GUIDE path brings new collective safety solutions. Because its surface is non-slip, highly visible and resistant (usable outdoors), the G-MAT GUIDE is particularly useful for securing the movement of people in an industrial environment or on construction sites:

- Marking of temporary or permanent pedestrian areas
- Solving slip issues
- Risk of falls on the same level due to irregular surfaces
- Identification of risk areas, prohibited or requiring special equipment
- ...or several or even all of these issues at the same time!

Made of flexible and thin PVC (height 2 mm), the G-MAT GUIDE adapts to irregular surfaces, can be cut, is easy to clean (hose or cleaner) and can be placed freely or glued to the floor.

Anti-slip
High visibility
Durable

G-MAT EXTREME GRATING

NEW

GISS

Anti-slip NBR rubber grating with large holes for evacuating dirt from inside the mat. Ideal for outdoor use, exposed to frost, snow, etc. Several tiles can be assembled using connectors to cover larger areas.

Environment: indoor or outdoor, dry or wet.

Thickness: 23 mm.

1-YEAR WARRANTY

Product	Dimensions	Material	Weight	Ref.	Price each
Grating	1 m x 1.5 m	NBR rubber	14 kg	884269	52,00 €
Connector	-	NBR rubber	0.01 kg	884270	1,98 €

+ Can be used outdoors, even in difficult conditions (rain, mud, snow)

GISS NEW

+ Exceptional absorption

G-MAT DRY ENTRY MAT

High absorption black entrance mat (up to 5.4 L of water / m²) in polypropylene. Embossed pattern to reduce dirt on the soles. Bevelled edges to reduce the risk of falling. Rubber sole for better grip.
Environment: indoor
Thickness: 7 mm.
1-YEAR WARRANTY

Dimensions	Material	Ref.	Price each
0.9 x 1.5 m	Polypropylene	884272	59,00 €

GISS NEW

+ To secure entrances to warehouses and manufacturing workshops

G-MAT HEAVY DRY ENTRY MAT

High absorption entrance mat for forklifts. Absorbs moisture and retains dirt from the cart wheels to reduce the risk of falling due to the introduction of water into the premises. Reduces the risk of slipping and cleaning costs. Floor installation with double-sided adhesive (not supplied).
Environment: indoor
Thickness: 10 mm.
1-YEAR WARRANTY

Dimensions	Material	Ref.	Price each
1.15 x 1.8 m	Polypropylene	884828	168,00 €

What makes
the difference

G-MAT HEAVY DRY ENTRY MAT

Using forklifts outdoors can bring water and dirt into your facilities.

Thanks to its embossed surface, the G-MAT HEAVY DRY entrance mat absorbs moisture and retains dirt from forklifts wheels.

It reduces fall hazards due to slipping and loss of carriage control. It increases your facilities safety while reducing cleaning costs.

Easy to install with double-sided tape, alone or side by side to cover larger areas.

RUBIX ENGINEERING (“RUBIX”) WARRANTY GUIDE

INTRODUCTION

This guarantee guide (the “Guarantee Guide”) provides the business customer with certain rights and protections in respect of malfunction resulting from defective material or manufacture in the articles in the GISS, CUTLINE, Q-SAFE, MECALINE, HYLOX, Q-META and ROEBUCK portfolio (together, the “Goods”). To the fullest extent permitted under applicable law, RUBIX excludes any warranty not expressly set out in this Guarantee Guide (including but not limited to any implied warranty as to quality, fitness for purpose and / or correspondence with any description of the Goods). Nothing in this Guarantee Guide excludes customer's rights under Section 12 of the Sale of Goods Act 1979. Subject to mandatory local laws, the warranties detailed in this Guarantee Guide are the customer's entire remedy in respect of any defects in the Goods, and to the fullest extent permitted by law, customer is not entitled to any damages or compensation in respect of such defects.

GUARANTEES GISS, CUTLINE, MECALINE, HYLOX, Q-META and Q-SAFE – Guarantee G

The following applies to Goods in the GISS, CUTLINE, MECALINE, HYLOX, Q-META and Q-SAFE portfolios.

Implementation

Under this Guarantee G, RUBIX shall (subject to stock availability and the exceptions below), free of charge, either replace the Goods or repair a defective part of the Goods, in accordance with the terms below.

This Guarantee G is provided by authorized RUBIX distributors who sell the Goods to their business customers in the United Kingdom. This Guarantee G is only for the benefit of business customers who purchase the Goods directly from an authorized RUBIX distributor. This Guarantee G is therefore not transferable by the customer to other users or subsequent owners of the Goods.

The guarantee includes parts and work for RUBIX after-sales service during the period specified below, depending on the applicable guarantee level (each a “Warranty Period”). The Warranty Period starts on the date of purchase of the Goods by the customer.

All repairs or replacements (parts and work) undertaken pursuant to this Guarantee G are guaranteed for six months from the date the repair is completed. This six-month guarantee applies only to repairs or replacements undertaken during the preceding service and does not extend any warranty period in respect of any other repairs or replacements. This six-month guarantee does not apply to expendable parts.

RUBIX may at any time modify and remove the Goods presented in its catalogue without notice and without any obligation on its part to exchange or repair Goods previously sold (such Goods being “Discontinued Articles”). If a customer submits a claim under this Guarantee G in respect of a Discontinued Article, RUBIX shall in its sole discretion either replace the article with technically equivalent Goods, or provide a credit note to be used for the subsequent purchase of Goods by the customer.

For information on the practical implementation of this Guarantee G, the customer may contact the authorized RUBIX distributor. To submit any claim under this Guarantee G, the customer must provide a copy of the invoice establishing the identity of the buyer and the date of purchase of the Goods. The customer may also be asked to provide the serial Goods.

Conditions of application

This Guarantee G applies, unless otherwise specified, to any repairs or replacements required as a result of the Goods being used under normal conditions only.

The following are excluded from the Guarantee G:

- Consumable items: these articles deteriorate or become damaged during use and/or are subject to a “use by”-date. They include, but are not limited to, consumables of cutting tools, grinding wheels, abrasive discs, files, batteries, screw kits, adhesives, glues, masks, personal protective equipment.
- Malfunction as a result of:- Normal wear and tear of the Goods;
 - Abnormal wear of the Goods due to use otherwise than in accordance with the purpose of the Goods or RUBIX's instructions, negligence or improper maintenance by the customer;
 - Management or storage under unsuitable or inappropriate conditions; or- Modifications or repairs carried out outside RUBIX's after-sales service;
 - An event of force majeure (fire, flood, lightning, or any other event outside RUBIX's reasonable control recognized as a force majeure event by applicable local laws or jurisdiction).

After the applicable Warranty Period, if a customer requests a repair and such repair is possible (in RUBIX's sole discretion), RUBIX shall provide a quote for the repair package and shall only undertake the repairs once the customer has accepted the payment of any costs set out in the repair package.

Guarantee levels

RUBIX offers four levels of contractual guarantees in respect of Goods, known as G guarantee:

- G1 Guarantee: Goods are covered by a one (1) year Warranty Period,
- G2 Guarantee: Goods are covered by a two (2) year Warranty Period,
- G3 Guarantee: Goods are covered by a three (3) year Warranty Period,
- G5 Guarantee: Goods are covered by a five (5) year Warranty Period.

The applicable G guarantee for each Good is specified on RUBIX ENGINEERING website: www.rubix-engineering.com. Authorized RUBIX distributors shall also be able to confirm to customers which G guarantee applies to the Goods. In respect of certain Goods, the Warranty Period may also be indicated on the packaging or in the documentation accompanying the Goods.

Any G guarantee period is subject to update or modification under the conditions specified in the “Miscellaneous Provisions” section of this Guarantee Guide.

When Goods are subject to an expiry date, the guarantee applies during the shorter of the period defined by the applicable G guarantee or the expiry date of the Goods.

Routing of the article by the buyer

The customer is responsible for the costs of any transport to and from RUBIX of any Goods to which this Guarantee Guide applies.

ROEBUCK GUARANTEES - GUARANTEE L

The following applies to Goods in the Roebuck portfolio.

Conditions of application

The Roebuck Lifetime Guarantee, known as the L Guarantee, applies to all Roebuck Goods purchased in the United Kingdom by business customers, with the exception of:

- Consumables of cutting and abrasive tools;
- Consumable items (including but not limited to saw blades, cutting blades, drills, batteries, screw kits);
- Pneumatic tools;
- Torque tools, measuring tools or products requiring calibration and/or standardization; and
- Workshop trolleys.

The L Guarantee applies from the date of purchase of the Good and does not expire.

The L Guarantee is not transferable and applies only to the customer who purchased the Roebuck Goods.

Claims under the L Guarantee require the return of the defective Roebuck Goods with the copy of the invoice establishing the identity of the buyer and the date of purchase of the Goods.

This L Guarantee does not apply if the damage or defect was caused by:

- normal wear and tear;
- misuse or any use for which the Goods was not intended;
- modification of the Goods;
- negligence and/or improper maintenance;
- management or storage under unsuitable or inappropriate conditions; or
- modifications or repairs carried out outside RUBIX's after-sales service.
- an event of force majeure (fire, flood, lightning, or any other event outside RUBIX's reasonable control recognized as a force majeure event by applicable local laws or jurisdiction).

RUBIX Commitment

Under the L Guarantee, RUBIX shall repair or replace (subject to stock availability and the exceptions above), free of charge, any defective Roebuck Good without time limitation. In the event that RUBIX is no longer able to exchange a Roebuck Good with an identical article, RUBIX shall in its sole discretion provide a technically equivalent article or issue a credit note to be used for the subsequent purchase of Goods by the customer.

The L Guarantee includes parts and work for RUBIX's after-sales service.

Routing of the article by the buyer

To activate the L Guarantee, the defective Goods must be brought or sent back to the nearest RUBIX agency, with their proof of purchase.

The customer is responsible for the costs of any transport to and from RUBIX of any Goods to which the L Guarantee applies.

GISS COMMITMENT - SATISFIED OR REFUNDED

The following applies to Goods in the GISS portfolio.

Authorized GISS distributors sell Goods from the GISS range to business customers with the “GISS SATISFIED OR REFUNDED” commitment. The GISS SATISFIED OR REFUNDED commitment applies in addition to any G guarantee.

Under the GISS SATISFIED OR REFUNDED commitment, the customer of GISS Goods can, within three months of purchase and subject to the conditions below, request either:

- the replacement of the GISS Goods with other equivalent GISS Goods; or
- a refund of the GISS Goods, which shall be issued in the form of a credit note issued by the authorized GISS distributor to be used for the subsequent purchase of GISS Goods by the customer.

The GISS SATISFIED OR REFUNDED commitment applies only to new GISS Goods that can be bought through RUBIX's regular marketing channels.

For information on the practical implementation of the GISS SATISFIED OR REFUNDED commitment, the customer may contact an authorized GISS distributor by telephone. The customer shall be required to provide a copy of the invoice establishing the identity of the buyer and the date of purchase of the Goods.

The GISS SATISFIED OR REFUNDED commitment does not apply to GISS Goods which are:

- no longer available for sale by an authorized GISS distributor on the day of the request issued by the customer;
- unfit for re-sale (e. g. open, deconditioned, used or damaged Goods); or
- subject to a “use by”-date.

The GISS SATISFIED OR REFUNDED commitment is granted for the sole benefit of the customer who purchased the Goods directly from an authorized GISS distributor in the United Kingdom. The GISS SATISFIED OR REFUNDED commitment is not transferable to other users or subsequent owners of the GISS Goods.

The customer is responsible for the costs of any transport to and from RUBIX of any GISS Goods to which the GISS SATISFIED OR REFUNDED commitment applies.

The total value of articles exchanged or refunded by an authorized GISS distributor under the GISS SATISFIED OR REFUNDED commitment to the customer is capped at ten percent before tax of the pre-tax value of the amount of purchases of GISS Good bought by that customer from that authorized distributor during the twelve months preceding the request for replacement or refund.

MISCELLANEOUS PROVISIONS

RUBIX may update the Guarantee Guide at any time by updating its website at www.rubix-engineering.com. The applicable version of the Guarantee Guide shall be the version published as at the date a request for repair or replacement is made by the customer.

For any questions regarding the Guarantee Guide, customers can contact:

- **Any authorized RUBIX distributors; or**
- **info-rubix-engineering@rubix.com.**

To find the list of RUBIX agencies, visit the following website: www.rubix-group.com
